# HIGH SCHOOL EQUIVALENCY

# High School Equivalency (HSE) Program

---

This program is designed to ensure that our students earn a high school equivalency diploma prior to advancing onward to complete a college degree. In this program, students receive a general education.

The intent of this program is to ensure that every student that desires to earn their college degree tuition-free has met and attained a basic education at the same level required for high school graduates. This program covers language arts and reasoning, mathematics, science, and social studies. These are essential elements required to earn a High School Equivalency Diploma.

Core subjects taught are an integral part of the students learning toward completing the GED®, HiSET®, or TASC™ exams.

## Courseware Materials

The list of courseware materials below are standard for every eCourse. Students must purchase required courseware materials and textbooks to successfully complete the program and earn the degree.

These out-of-pocket expenses combined with residency and technology fees are in lieu of tuition. Our students do not pay tuition to take required courses in any degree program.

\* Denotes the document is an evaluation rubric for conducting student project evaluations.

## eCourses

Every eCourse has two parts an eModule and eClass. A high school equivalency exam is taken after completion of the program. This program is designed to meet testing requirements for three high school equivalency tests (GED®, HiSET®, and TASC™).
